

Intellectual, Spiritual & Personal Growth

There is a great urgency to fulfill the desire of our Lord to "send out more workers into the harvest field." Great Lakes Christian College has diligently fulfilled that mission for sixty years.

From its humble beginning of twelve students in a log cabin over a generation ago, GLCC has grown to more than 240 students dedicated to preparing themselves for a life of Christian service. Through the years, the College has kept its family-like atmosphere while establishing a reputation for academic excellence. This excellence is a result of a qualified faculty dedicated to mentoring students and teaching them the Word of God. We are committed to providing "intellectual, spiritual, and personal growth" for all the students that come to us to learn.

GLCC's commitment to Biblical truth and practical ministry have been notable characteristics of the College for six decades. Our graduates are spread across America and around the globe. They provide leadership and service for churches, educational institutions, businesses, and a wide range of professional fields.

Today we can celebrate years of progress and stability:

- A campus that is appealing to students and visitors.
- Expanded programs providing more options for students.
- An accredited college with the Higher Learning Commission of the North Central Association and the Association for Biblical Higher Education.
- The completion of the newest building on campus, the Doty Center.
- A faculty with exceptional academic credentials and mentoring abilities.
- Student enrollment is a priority.
- Achieving financial stability and growth that glorifies God.

seeks to glorify God by preparing students to be servant-leaders in the church and world.
