Financial Aid Payments to GLCC Students

Method and Frequency

Financial aid payments for students are typically made once per semester from each source of aid by crediting each student's Business Office student account. Loan payments may vary from this based upon the loan period of the loan. Payments to any student are made by check which is drawn from the surplus which the student has in their student account.

Students should refer to "The Guide to Federal Student Aid 2016-2017" published by the U.S. Department of Education. The Guide includes student eligibility requirements and criteria for determining recipients and award amounts. Submitting a FAFSA is a necessary first step for a student desiring Title IV aid.

Qualified Michigan residents, though completing the FAFSA are also applying for Michigan's State Competitive Scholarship or Tuition Grant.

The Federal Government and the State of Michigan require that students meet a schedule of satisfactory academic progress to remain eligible for Title IV (after four semesters of full-time enrollment or the equivalent) and Michigan (after two semesters of full-time enrollment or the equivalent) aid. To achieve this schedule, students must have maintained satisfactory academic progress. Contact the Financial Aid Office at Great Lakes Christian College for specific information on any of these topics.

The following will introduce students to Grants and Scholarships available to qualifying students.

Grants and Scholarships Available to Qualifying GLCC Students

Great Lakes Christian College endeavors to keep costs within reach of all students so as many as possible can benefit from a Christ-centered education. Even so, financing a college education can be burdensome. If a student has need, financial aid programs are designed to help share the burden.

Student Federal Grants

A large number of Great Lakes Christian College students take advantage of various U.S. Department of Education programs that enable them to further their educational goals.

Pell Grants

This grant is made available through the U.S. Department of Education. Application is made by completing the Free Application for Federal Student Aid (FAFSA). (Enter 002269 for the Title IV Code). A Student Aid Report (SAR) is made available to the student which should be retained for possible correction. Awards are

based upon demonstrated financial need as determined by government formula. It is recommended that the student use “FAFSA on the Web” to complete their FAFSA. The student should contact the College for assistance with this process.

Federal Supplemental Educational Opportunity Grants (FSEOG)

If a student has and can demonstrate a financial need the student may receive the FSEOG. The award is based on the family’s ability to contribute as determined by the FAFSA.

Veterans Benefits

Financial assistance is available to veterans of the U.S. Armed Forces. Benefits may vary according to the specific government program. Application forms for these benefits are available at www.benefits.va.gov.

Vocational Rehabilitation Grants

Students with physical or mental impairment are encouraged to apply for this grant. The State Vocational Rehabilitation Division determines the grants, which may be applied to tuition and certain fees.

Student State Grants

Michigan Competitive Scholarship

Available to Michigan students attending public and non-public Michigan colleges and universities. Applicants must take the American College Test (ACT) prior to college entry and release the scores to the State of Michigan. Participating in the April, June, or October test dates of the year prior to entering college assures consideration for the student’s freshman year.

Michigan Tuition Grant

Available on the basis of demonstrated need to Michigan students attending non-public degree-granting Michigan colleges and universities.

Note: A student cannot receive a Michigan Competitive Scholarship and a Tuition Grant at the same time. The student must be pursuing an A.A. or B.S. to be eligible for either program. A student may apply for these awards through the Free Application for Federal Student Aid (FAFSA).

Note: All Michigan programs are contingent upon funding by the State of Michigan.

Student Loan Programs

If a student does not have immediate resources to complete payment for educational expenses, the student may choose to borrow against future earnings (full-time employment after the completion of the student’s educational program) through several loan programs.

William D. Ford Direct Loans

A student may apply for this government-guaranteed loan by completing the Free Application for Federal Student Aid (FAFSA). Repayment begins six months after the student ceases to be enrolled at least halftime. Based upon the results of the FAFSA, the government may subsidize (pay interest on the loan) prior to the student entering repayment.

Direct Parent Loan for Undergraduate Students (PLUS)

Parents may borrow for the cost of a student's education using this program. Calculation of interest begin within 60 days after the disbursement of the funds obtained from the loan. Repayment may begin at that time or have the same delay as the William D. Ford Direct Loan.

Student Employment

Many students need to earn a portion of the cost of their education while in college. Applications for Great Lakes Christian College employment are provided through the College Business Office.

The following page briefly describes three areas of employment available to GLCC students.

Federal Work-Study (FWS)

If a student has a financial need, the student may be able to participate in this Federally-funded program. There are many jobs on campus in a number of different areas of the College. Eligibility is based on the FAFSA.

Off-Campus Employment

Many students find part-time employment in retail stores, restaurants, and other areas of employment in the general vicinity of the College. Great Lakes Christian College students have an excellent reputation with employers in Lansing. Many call the College for student referrals. Employment information is posted by the College Dean of Student Affairs Office.

College Grants and Scholarships

Great Lakes Christian College makes available several grants and scholarships to full time students who demonstrate special ability and/or who show financial need. All students who wish to apply for scholarships must also apply and be accepted for admission. The student must usually complete a FAFSA (see section on PELL GRANTS). Scholarship Applications can be obtained from the Office of Admissions. Due dates for submission of Scholarship Applications are published annually.

Scholarships are granted to students who are in good standing with the College. Any returning student with a probationary status is ineligible for GLCC scholarships.

Students qualifying for GLCC scholarships will be awarded an amount which may be up to, but which cannot exceed, the total amount charged for GLCC tuition. GLCC scholarships apply only to Great Lakes Christian College courses, not extension, co-op courses, or private instruction. Normally, any student receiving \$2,500 or more of GLCC scholarships in a semester will be required to reside in campus housing during that semester.

2016 / 2017 Approximated Expenses for Attending Great Lakes Christian College

The typical GLCC student living in the dormitory can expect to incur these average expenses for a full year (two semesters) attendance.

TUITION	30 hours @ \$455 per hour	13,650.00
FEES	Campus Services, Student Activity, Technology, Room Deposit, Orientation Fees	1,120.00
ROOM & BOARD	17 meals per week	8,500.00
	TOTAL (two semesters)	\$ 23,270.00

These figures reflect GLCC approximated costs only. Students may incur additional expenses depending on personal needs. *[GLCC does not give specific costs for books as differing class choices result in varying book expenses.]*

2016 / 2017 Costs of Attendance

The United States Department of Education requires that all institutions of higher education provide interested and/or prospective college students with Cost of Attendance figures. A Cost of Attendance figure includes typical educational cost charged by the College and other indirect costs such as travel, clothing, laundry, and other such personal expenses. *The indirect costs are not amounts which GLCC charges the student, but expenses which the student could reasonably expect to incur while*

attending College. Therefore, the intent of the Cost of Attendance is to provide the student with a more complete picture of the total cost of attending College. The United States Department of Education mandates that any student receiving Title IV assistance (PELL grant, student loans, Federal Work Study) may not receive financial aid from all sources (governmental, institutional, public and private) in an amount which is greater than the student's cost of attendance.
