

Great Lakes Christian College

Intellectual, Spiritual & Personal Growth

The founders of **Great Lakes Christian College** shared a vision of adding vitality to the Christian Churches/Churches of Christ. Adhering to this original concept, GLCC has grown into a remarkable community that provides an extraordinary environment for students from all walks of life and regions of the world to glorify God and become servant-leaders in the church and the world.

Students at Great Lakes live in an environment that encourages social, spiritual, and intellectual interaction between students, faculty, administration, and the local community. It is truly a unique college environment. It's an environment that fosters a spirit of direct personal interaction and communication that encourages the exchange of ideas and stimulates thinking.

Pray for our students who are attending this year and in the future. Pray for wisdom as the Administration faces the economic challenge of declining revenue because of the temporary enrollment decline. Pray for our alumni who are serving and making a difference in our world. Ask the Lord of the harvest to send out more workers into His harvest field...and maybe they'll be from your church!
