Ministry Description: The mission of Heritage Church of Christ is to Lead People into a Thriving Relationship with Jesus Christ by connecting them to God, to One Another, and to Purpose. And, while it is true that every moment of everyday provides opportunity to connect to God, our church's weekly worship services constitute our primary strategy for connecting with God, together, on a regular basis. Therefore, the worship ministry and its leader(s) is critical to the mission of Heritage.

Heritage Church of Christ is unique in its culture and strategy in that we intentionally utilize two different music styles in our **worship services**:

Some of our services utilize only acapella singing, while Some of our services utilize a 7+ member praise band. As such, the Worship Minister position on the Heritage staff requires a leader capable of managing and functioning in both musical environments.
