

STUDENT COMMUNITY COVENANT

Great Lakes Christian College is an institution affiliated with the Church of Christ/Christian Churches. We strive to create and promote an atmosphere consistent with the Christian faith, which encourages each student to develop his/her fullest potential, both in and out of the classroom. This atmosphere is realized through a community of students, staff, and faculty who are distinguished by their commitment to each other and Jesus Christ as their Lord and Savior. A covenant emphasizes each student's individual role in this type of community. Great Lakes Christian College is not only interested in teaching students how to make a living, but more importantly, how to make a life.

Every individual has a responsibility to love God, to love others, and to practice individual freedom responsibly. With this covenant and the handbook you will receive we hope to find a balance between individual freedom and the need for clear standards that are consistent with the Christian character of GLCC. Our desire is for students to wrestle with personal values and ethics within the supportive, Christ centered, community. It is understood that not all individuals will agree with this Student Covenant and no condemnation is implied to those who take a different view. However, in accepting admissions to GLCC, each student agrees to live within the lifestyle standards, even if he or she personally does not agree or regard these as moral issues.

In an effort to create a community that reflects Christ we hope to emphasize that Christian living is meant to be positive for each individual and those they live in community. Being a part of a loving community is more than an adherence to a list of rights and wrongs. We ask students to adhere to these standards as we all relate to one another in a spirit of mutual dependence and accountability. For these reasons we have created community values to help guide the way we live together.

The Student Development staff tries their best to communicate the "why" behind our community values system. Our offices are always open for questions regarding this Community Covenant. As your Student Development staff we pledge to see the best in each individual, recognize that no one in this community is perfect, practice grace, and, when the Community Covenant has been broken, we promise to seek restoration and reconciliation rather than retribution. We ask you to sign below and join in.

Sincerely,
