Special Coronavirus Message from President Larry Carter

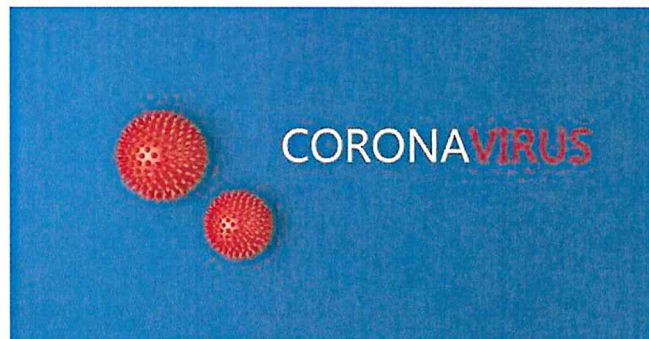

The Coronavirus has caused many of us to reconsider our priorities as well as our everyday activities. We live in unprecedented times. We are all trying to figure out this new reality. But, one thing remains true no matter the circumstance or crisis. We, as Christians still live to glorify Jesus Christ. That

is the mission of Great Lakes Christian College. That is the mission of every Christian.

As a result, we have not ceased operations. We are doing things differently, but we are still equipping students to be servant leaders in the church and world. That's why we need your help more than ever. Because of the impact the Coronavirus is having on our economy there is a potential that it will affect our friends' and partners' ability to continue with their regular financial support. That's why we need you to consider sending us, if you are able, an additional gift to help us make sure we can fulfill our mission in the future. We understand the difficulty of our time – but this is when those of us who claim Jesus as Lord can really shine. I read somewhere that “light is best seen against the background of darkness.” Help us to keep the light shining.

I'm sure you know that we are doing everything possible to meet the educational needs of our students through online and video options while we suspend on-campus classes and activities. Our professors are working hard to be sure our students continue to get the best education. The expenses to make this education possible continue. Your sacrificial donation will see us through these challenging times.
